Northern Lights Spectacular

Tuesday 23rd February 2010

7.30 – 9.00pm in Shuttle Suite
National Space Centre
Exploration Drive, Leicester

Free entry but ticket only.

Bookings from: Kiri Rhodes (Dept of Physics and Astronomy)

Email: kr124@le.ac.uk Tel.: 0116 252 3570 during office hours.

Leicester Physics Centre: <http://www2.le.ac.uk/departments/physics/outreach/lpc>

Book early to avoid disappointment.

A magical fusion of poetry, physics and film, revealing the spectacle of the Northern Lights. Marvel at the world's first 3-D film of the aurora borealis, hear ancient Arctic legends and let two auroral physicists unravel the secrets of the lights. Featuring Professor Stan Cowley & Dr Darren Wright, poet/performer Siobhan Logan and film-maker Brian McClave.

'This event rolled scientific and artistic interpretations of the Northern Lights – both equally beautiful – into one.' (Holly Cave, Dana Centre at London's Science Museum)
