LIIPS Update
June 2017

Dates for the Diary

5 July 2017, 9.30am – 12.30pm / 1.30pm
Quality Improvement - Improving patient care
Gain knowledge on Quality Improvement & its role in change management in complex systems, learn the Model for Improvement and how to do PDSA cycles.

6 July 2017, 12.45pm - 2.00pm - Safer Together LLR
Join us for an informal networking lunch.
Please bring your own lunch, tea & coffee provided.

6 July 2017, 2.00pm – 4.00pm - LIIPS Seminar
There are benefits for team-based reflection following a patient death: But are we doing it right?
Findings from a scoping review, on the nature and benefits of team-based professional reflection after a patient death will be shared followed by discussions on key aspects.

12 September 2017, 10.30am - 12.30pm - LIIPS Seminar
Bridging the gap between analysis and improvement following serious incident investigations in healthcare
Root Cause Analysis is commonly used to investigate patient safety incidents in healthcare but how effective is it in producing improvement?

20 September 2017, 1.30pm - 4.30pm - LIIPS workshop
Why Measure for Improvement?
Will provide an overview of the importance of measuring for improvement, helping you to ask the right questions to get the right data so you can interpret what needs to be done.

13 October 2017, 10.00am - 1.00pm - LIIPS workshop
How to measure for improvement
This workshop will focus primarily on the technical aspects of measuring for improvement, helping you to produce run & SPC charts.
