Leicester Medical School
A100 Scoring of Applications for 2018 entry

International Applicants:
The following information will also apply to international applicants. The only difference will be that we expect to interview approximately 50 international applicants (subject to change). The rest of the information is relevant.

Pre-interview international candidates are ranked against other international candidates.

Home/EU Applicants:
The information set out below refers to the admissions procedure for the 5 year medicine course (UCAS code A100). It outlines the initial assessment of UCAS forms and the interview process. Approximately 950 Home/EU applicants are expected to be interviewed, although this is subject to change.

Pre-interview we will have 4 groups of candidates who will be ranked against each other – predicted A Levels, obtained A levels, Graduates and Access.

Re-applicants:
We are willing to consider re-applicants in some circumstances, see section 1.0 Minimum Entry Requirements below.

Please Note:
We reserve the right to change our scoring system at any point in order to rank applicants appropriately.

CONTENTS

1.0 Minimum entry requirements
2.0 UKCAT
3.0 Undergraduate applicant Pre-Interview scoring
4.0 Graduate applicant Pre-interview scoring
5.0 Access applicant Pre-interview scoring
6.0 Personal Statements
7.0 Mitigating Circumstances
8.0 Interviews
9.0 Offers
10.0 Other information
1.0 Minimum Entry Requirements

Initial assessment of all UCAS forms will be based on academic ability and UKCAT score only.

Please note if you have not reached our minimum requirements your application will be automatically rejected.

If you are offering other academic qualifications eg Scottish or Irish, or European, then please see our website for our minimum requirements. Subjects will be scored on an equivalence basis. We use UKNARIC as our reference.

Applicants who have applied to us previously may be considered providing they meet the following criteria:

- Applicants presenting with achieved or predicted A-levels, IB or equivalent who have applied once before, but have not been interviewed, will be considered and scored as usual on their second application. Subsequent applications will not be considered without further qualification at degree level.
- Applicants presenting with achieved or predicted degree who have applied once before with their degree, but have not been interviewed, will be considered and scored as usual on their second application. Subsequent applications will not be considered without substantial evidence of paid employment in a caring role.
- Applicants presenting via the Access to Medicine route who have applied once before, but have not been interviewed, will be considered and scored as usual on their second application. Subsequent applications will not be considered without substantial evidence of paid employment in a caring role.

In all cases applicants who have been rejected following interview will only be considered in a subsequent application if their interview score was no more than 10% below the level required for an offer in the year that they applied.

All candidates
GSCE Grade B in English Language, Maths and 2 sciences (biology and chemistry, or double science) achieved at first sitting unless significant mitigating circumstances that have been previously accepted by the admissions tutors.

Undergraduates
Predicted or obtained AAA at A-level (including Chemistry and Biology, unless AS biology being offered, excluding general studies, citizenship studies and critical thinking), or predicted or obtained International Baccalaureate (IB) with a minimum score of 36 points (excluding core or bonus points) and a minimum of 6 in 3 higher level subjects including Chemistry and Biology.

Note: we only accept foreign language A-levels or equivalent if the candidate is not a native speaker of that language. Candidates with foreign language A-levels or equivalent will be asked to declare whether or not they are a native speaker. If another 3rd subject is not offered then candidates in this situation may be made an alternative grade offer should they get to that stage of the process.

Graduates
Applicants must have achieved or be predicted a minimum of an upper second class honours degree, or equivalent. We will consider honours degrees in any discipline provided the applicant meets our minimum GCSE requirements. We do not consider Masters or PhDs in lieu of bachelor degrees below this level.

**Access Applicants**

Please ensure you have also read our entry requirements. We will not consider Access to Medicine courses from students who could have undertaken A levels (ie school leavers), nor in lieu of poor science A-level results, nor poor A-level results in graduate applicants.

---

### 2.0 UKCAT

We do not have a cut off score, but the total UKCAT score is used in selection for interview (please see below).

**Applicants with band 4 in the Situational Judgement Test will be automatically rejected pre-interview.**

---

#### 2.1 UKCAT ALL APPLICANTS

UKCAT will be out of a maximum 3600 points in 2017. Points will be awarded by the total score as follows:

<table>
<thead>
<tr>
<th>Range</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>&gt;3,200</td>
<td>32</td>
</tr>
<tr>
<td>3150 – 3199</td>
<td>31.5</td>
</tr>
<tr>
<td>3100 – 3149</td>
<td>31</td>
</tr>
<tr>
<td>3050 – 3099</td>
<td>30.5</td>
</tr>
<tr>
<td>3000 – 3049</td>
<td>30</td>
</tr>
<tr>
<td>2950 – 2999</td>
<td>29.5</td>
</tr>
<tr>
<td>2900 – 2949</td>
<td>29</td>
</tr>
<tr>
<td>Etc</td>
<td></td>
</tr>
</tbody>
</table>

---

#### 2.2 UKCATSEN ALL APPLICANTS

Applicants are entitled to sit the UKCATSEN if they normally require additional time for public examinations based upon a medical diagnosis or report from a specialist teacher. This is likely to relate to applicants with dyslexia, dyspraxia, dysgraphia, dysorthographia, attention deficit disorder or working memory deficit. This may also apply to a range of other medical conditions.

**Please Note:**

Applicants who sit the UKCATSEN will be required to provide supporting evidence before being called to interview.

---

### 3.0 Undergraduate Entry

Academic ability and UKCAT will each be scored out of 32, giving a total score out of 64 (ie academic and UKCAT scores are weighted equally). For most applicants, the academic score will be based on 8 completed GCSEs (including the mandatory subjects of English Language, Maths, and 2 sciences); or 5 GCSEs (same mandatory subjects) and 3 completed A-levels (or IB) including Chemistry.

**Please note:**
For students taking Methods and Applications in Maths our minimum requirement is a Grade B in both, but we will only score the Methods in Maths.

If your school did not permit you to take 8 GCSE subjects, or equivalent, we require formal evidence from the school to support this before the 1st October 2017. Otherwise you will automatically lose points and you may wish to consider deferring application until you have completed A levels, as we only score 5 subjects then.

For applicants who have not taken A-levels or International Baccalaureate, an assessment of equivalence will be made.

3.1 Candidates with predicted A levels or IB

Predicted grades must be clearly stated on the ‘qualifications not yet completed’ section of the UCAS form. This should include the individual subject levels for IB candidates.

8 GCSE qualifications will be taken into account as below:

<table>
<thead>
<tr>
<th>Subject</th>
<th>scoring</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Language</td>
<td>A = 3</td>
</tr>
<tr>
<td>Maths</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Double Science (2)</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Best four other subjects</td>
<td>A = 3</td>
</tr>
<tr>
<td>OR</td>
<td>A* = 4</td>
</tr>
<tr>
<td>English Language</td>
<td>A = 3</td>
</tr>
<tr>
<td>Maths</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Chemistry</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Biology</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Physics</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Business Studies</td>
<td>A = 3</td>
</tr>
<tr>
<td>Religious Studies</td>
<td>B = 1</td>
</tr>
<tr>
<td>French</td>
<td>B = 1</td>
</tr>
</tbody>
</table>

**GCSE scoring will be as follows:**

- A* = 4
- A  = 3
- B  = 1
- C  = 0

**Example scoring for applicants with predicted A-levels**

<table>
<thead>
<tr>
<th>Subject</th>
<th>predicted grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Language</td>
<td>A  = 3</td>
</tr>
<tr>
<td>Maths</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Chemistry</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Biology</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Physics</td>
<td>A* = 4</td>
</tr>
<tr>
<td>Business Studies</td>
<td>A  = 3</td>
</tr>
<tr>
<td>Religious Studies</td>
<td>B  = 1</td>
</tr>
<tr>
<td>French</td>
<td>B  = 1</td>
</tr>
</tbody>
</table>

**GCSE Total** = 24/32

Please note:
When scoring, we will only take into account initial GCSE grades. No resit grades will be considered unless there has been prior agreement by the admissions tutor due to exceptional circumstances.

3.2 Candidates with achieved A levels

5 GCSE qualifications will be taken into account as below:

<table>
<thead>
<tr>
<th>English language</th>
<th>English language</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maths</td>
<td>Maths</td>
</tr>
<tr>
<td>Double Science (2)</td>
<td>OR Chemistry</td>
</tr>
<tr>
<td>Best other subject</td>
<td>Biology</td>
</tr>
</tbody>
</table>

GCSE scoring will be as follows:

- A* = 4
- A  = 3
- B  = 1
- C  = 0

We will score the 3 best A-levels studied over the same two year time period, including Chemistry but excluding Critical Thinking, Citizenship Studies and General Studies. An applicant studying Mathematics and Further Mathematics will have only one of these subjects scored.

A-level scoring will be as follows:

- A* = 5
- A  = 4

Though total possible 35 maximum academic score awarded will be 32.

Example scoring for applicants with obtained A-levels:

**GCSE**

<table>
<thead>
<tr>
<th>Subject</th>
<th>Grade</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Language</td>
<td>C</td>
<td>0</td>
</tr>
<tr>
<td>Maths</td>
<td>A*</td>
<td>4</td>
</tr>
<tr>
<td>Chemistry</td>
<td>A</td>
<td>3</td>
</tr>
<tr>
<td>Biology</td>
<td>A*</td>
<td>4</td>
</tr>
<tr>
<td>Physics</td>
<td>B</td>
<td>1</td>
</tr>
</tbody>
</table>

**GCSE Total** = 12

**A Level**

<table>
<thead>
<tr>
<th>Subject</th>
<th>Grade</th>
<th>Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry</td>
<td>A*</td>
<td>5</td>
</tr>
<tr>
<td>Biology</td>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>Maths</td>
<td>A</td>
<td>4</td>
</tr>
</tbody>
</table>

**A Level Total** = 13
Please note:
For applicants who have obtained an A-level during a different year to the rest of their A-levels, this grade will not be taken into account for scoring purposes. Resits of A-level exams or, A-levels taken over more than two years, will not normally be considered, unless the applicant has substantial mitigation and has received confirmation from the admissions tutor that this will be accepted prior to applying.

3.3 Candidates with achieved International Baccalaureate:

5 GCSE qualifications will be taken into account as below:

| English language OR English language | Maths OR Maths | Double Science (2) OR Chemistry | Best other subject OR Biology | Best other subject |

GCSE scoring will be as follows:

A* = 4
A  = 3
B  = 1
C  = 0

The best 3 Higher Level subjects, including Chemistry and Biology
7 points obtained at HL = 5
6 points obtained at HL = 4

Though total possible 35 maximum academic score awarded will be 32.

Example scoring for applicants with obtained IB:

<table>
<thead>
<tr>
<th>GCSE</th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>English Language</td>
<td>A*</td>
<td>= 4</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Maths</td>
<td>A*</td>
<td>= 4</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Double Science</td>
<td>AB</td>
<td>= 4</td>
<td></td>
<td></td>
</tr>
<tr>
<td>French</td>
<td>A*</td>
<td>= 4</td>
<td></td>
<td></td>
</tr>
<tr>
<td>GCSE Total</td>
<td></td>
<td>= 16</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>IB (HL) obtained</th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry</td>
<td>7</td>
<td>= 5</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Biology</td>
<td>6</td>
<td>= 4</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Maths</td>
<td>6</td>
<td>= 4</td>
<td></td>
<td></td>
</tr>
<tr>
<td>IB (HL)Total</td>
<td></td>
<td>= 13</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Academic Grand Total = 29/32
Resits of IB exams or, IB taken over more than two years, will not normally be considered, unless the applicant has substantial mitigation and has received confirmation from the admissions tutor that this will be accepted prior to applying.

### 4.0 Graduate Entry (A100, 5 Year Course)

Academic ability and UKCAT will each be scored out of 32, giving a total score out of 64. For most applicants academic ability will be based on GCSE and A-level grades, with a contribution from the degree.

**Please note:**
For applicants who have taken qualifications other than GCSE and A-levels, an assessment of equivalence will be made. 
For applicants who are offering a degree that is not classified in the same way as the UK honours classification, transcripts will be required and an assessment of equivalence will be made.
We may ask you to provide us with transcripts of your qualifications, in order for us to assess the UK equivalence through NARIC. It may help to speed up the processing of your application if you provide the transcripts prior to applying.

16 points out of the maximum total of 32 points will derive from **GCSEs:**

*4 GCSEs will be scored - English Language, Maths, and two Sciences (first sitting only unless there has been prior agreement by the admissions tutors due to exceptional circumstances).*

- A* = 4
- A = 3
- B = 1
- C = 0

12 points out of the maximum total of 32 points will derive from **A Levels:**

*3 best A Levels, excluding General Studies, Citizenship Studies and Critical Thinking*

- A*/A = 4 (or 3 if taken over 3 year period)
- B = 3 (or 2 if taken over 3 year period)
- C = 1 (or 0 if taken over 3 year period)

4 points out of the maximum total of 32 points, will derive from the **degree prediction or classification:**

- First Class obtained = 4
- First Class predicted = 3
- Upper Second Class obtained = 3
- Upper Second Class predicted = 1
Example scoring for graduate applicants

Scoring for an Final Year Student

</tbody>
</table>

Degree Obtainment

First Class Honours = 4

Academic Grand Total = 23/32

5.0 Access Candidates

We require all Access candidates to submit a full CV detailing all employment and educational attainments, and any gaps, before the UCAS closing date of 15th October 2017.

Graduates studying for an Access to Medicine qualification will be scored as graduates

Academic Score Maximum = 32

6 GCSEs will be scored:

- English language
- Maths
- Double Science (2)
- OR
- Best two other subjects

- English language
- Maths
- Chemistry
- Biology
- Best two other subjects
GCSE scoring will be as follows:

- A* = 4
- A  = 3
- B  = 1
- C  = 0

Non science A-level scoring will be as follows:

- A*/A = 3
- B  = 2
- C  = 1

One point may be awarded for Grade A in up to three non-science AS grades providing the candidate has not studied full A-levels or equivalent. BTECs/ NVQs/ Diplomas etc will be scored as AS or A-level equivalent based on UCAS points.

An additional 8 points may be available for candidates who have completed Access to Medicine with distinctions in ALL graded credits (usually 45, though older courses 60).

The total academic score will not exceed 32 points.

**UKCAT/UKCATSEN Maximum Score = 32**
UKCAT will be assessed in the same way as for all other applicants (see above).

**References / Employment – scored by 2 independent admissions tutors out of 5. Maximum score 10**
We will expect to be able to track your employment / educational history from school to current day. We will expect to have any gaps explained; and in particular if you are <21 we will want to know why you did not stay at school to complete A levels at that stage.

**Personal statement / commitment to medicine - scored by 2 independent admissions tutors out of 5. Maximum score 10**
We will expect you to be able to explain why you have decided on medicine and how you have come to it via this route and not the traditional route. As well as what you have done to ensure you understand the career you are getting into. Your CV and personal statement will be used to score this section.

Candidates will attain a total score out of 84.

**6.0 Personal Statements**

The personal statement and reference are not routinely scored except for candidates applying with an Access to Medicine qualification. However in borderline candidates or tie-break situations these sections may also be used (see 8.0) to generate a combined score out of 10, giving a total score for Personal Qualities.

Where appropriate, the Personal Qualities score will be added to the academic and UKCAT score in order to determine the final ranking and selection for interview.

**The following attributes will be considered:**
• Motivation
• Commitment
• Appreciation of challenges of a medical career
• Work experience
• Extracurricular activities
• Contribution to school/college life
• Contribution to wider community
• Written communication skills
• Support from teachers/staff
• Confirmation of some aspects of personal statement in reference

7.0 Mitigating Circumstances

We aim to be as inclusive as possible and, therefore, will give due consideration to any mitigating circumstances that may have affected your academic achievement. Please view our Mitigating Circumstances Guide, which applies primarily to our current students but also provides a definition of mitigation and depicts the kind of unusual circumstances which may constitute special consideration. Possible circumstances may include (but are not limited to) the following:

• Personal health
• Close family health (first degree relatives)
• Domestic circumstances
• Educational disadvantage
• Educational disruption

It is essential that you contact us (via our online form) as soon as possible if you believe that your academic achievement has been affected by any of the above, as we may be able take these issues into account when assessing your application.

Please note:

In order for mitigation to be considered, an official letter must be provided by the relevant professional (school/college/university/health consultant/GP) to corroborate such circumstances. This letter should include the applicant’s full name and UCAS number. It should be printed on letter-headed paper, signed, dated. This evidence is required for you to submit your online mitigating circumstances form.

The evidence must explain:
(1) what the circumstance is;
(2) exactly how it affected you in relation to your studies;
(3) precisely when it occurred (i.e. identifying which assessments were affected);
All mitigation and supporting documents must be received by 1st October 2017. If we do not receive mitigation by this date then it will not be considered and the scoring of the application will be carried out on the basis of no mitigation.

If mitigation is received by the 15th September we will give you a definitive response as to whether we will or will not accept it. After this date we are not able to guarantee a response before the UCAS closing date. No decision on mitigation will be given via the telephone or before the online mitigating circumstances form has been submitted.

8.0 Interviews

Following scoring of academic ability and UKCAT, applicants will be ranked within the 4 groups (predicted A level, achieved A level, Graduate and Access), and the highest scoring candidates will be invited to interview. The lowest ranked applicants will not be considered further. The personal statement and reference will be used to allow us to distinguish between borderline applicants (see 6.0).

Interviews will be held in a Multiple Mini-Interview (MMI) style for 2018 entry and will comprise 8-9 stations.

Invitations to interview are sent from our medoffice@le.ac.uk address, please ensure that you mark this address as an approved sender so that any emails from us do not go into a junk folder.

The Medical School does not endorse any interview courses. We regularly review our interview process and whilst we reserve the right to change our interview format, it will be the same for all applicants.

8.1 Stations

The various stations will assess the following:

- Verbal communication
- Written communication
- Listening
- Problem solving
- Personal qualities and values
- Motivation and suitability

8.2 Outcome of Interviews

Each station will be scored and applicants will be ranked on the basis of those scores. Approximately, 550 offers are expected to be made, although this is subject to change. If applicants are equally ranked following interview, the UCAS form score may be used as a tie-breaker.

All international and all Home/EU applicants are considered together post-interview ie regardless of undergraduate or graduate status.

8.3 Students with Disabilities, Special Needs and Medical Conditions
Applicants with disabilities, special needs (including dyslexia) and medical conditions should enter the relevant disability code on their UCAS application, or inform the Medical School (in writing) immediately after submission of their application. This will ensure that any necessary adjustments to the interview process can be made.

8.4 Timing of Interview

Interviews will be likely to take place during the following weeks, Specific dates will be published on our website, once confirmed.

W/C 11 December 2017
W/C 2 and 8 January 2018
W/C 12 February 2018

Please Note:
If applicants cannot attend any of the interview dates offered then please do contact us immediately however we may not be able to offer any alternative dates. We may not be able to reschedule. We reserve the right to alter our interview dates.

9.0 Offers

Although some offers may be made after each round of interviews, the majority of offers will be made later in the process because of the numbers cap enforced by HEFCE, and whilst we await decisions from some earlier offer holders. Consequently the offer making process will continue into April 2018.

Whilst we acknowledge that this causes angst and stress, unfortunately the process cannot be made any faster whilst we are under such external constraints.

10.0 Other Information

If an applicant wishes to submit additional information to support their application, we must receive any documentation/correspondence by 1st October 2017.
