

**Supporting the  
Leicester-Gondar Link**

**Application to HALE (Leicester-Gondar Link)  
for unrestricted funds.**

Whenever there is a healthy balance in our accounts, the Trustees of HALE wish to make our unrestricted funds available, subject to the limitations below.

Funds may be allocated at the discretion of the Trustees as:

1. Seed-corn funding for new proposals from existing or new project leaders
2. Short-term funding of existing projects where there is a case of urgent need, such as for training for a specific partner in Gondar, purchase of essential equipment or consumables or a brief and minor shortfall in external funding;

As previously stated, any project must fall within the charitable objects of HALE.

Applicants must show commitment to seek external funding and projects must have a realistic prospect of long-term sustainability within Gondar and its region.

An application form is available from Kathy Astbury, Administrator at [ka289@le.ac.uk](mailto:ka289@le.ac.uk) or downloaded from the website ([www.le.ac.uk/gondar](http://www.le.ac.uk/gondar) - Projects).

There is no fixed date for applications, which will be considered by the Trustees as they are submitted.
