WORKSHOPS

« Using *Alice* in the classroom »

Don't be late for an irresistible workshop to capture the imagination. Using the themes from 'Alice in Wonderland', there will be lots of practical ideas to inspire learning, focussing on developing children's emerging inquisitiveness across the curriculum; developing child-initiated learning and independent learners.

« *Alice* on screen »

This session will consider how adaptations of 'Alice's Adventures in Wonderland' can be deployed to explore issues of ethics, curiosity, language, and identity in the primary classroom.

« Playing with size »

Using *Alice in Wonderland* as inspiration, this hands-on workshop will offer academic and creative perspectives on our perception of space, size and scale.

Come and make your own miniature environments with Marcia and Maria as your guides.
