Loyalty Discounts for International Students

Family Discount

A tuition fee discount of 10% is given to an international (non EU) student who registers for a full-time course if a close family member, (ie spouse, sibling or parent), has also taken, or is taking, a full-time course at the University.

Rules of the Family Discount Scheme

- If two or more members of the same family, as defined below, become students of the University and register for a full-time course of study and both pay the tuition fees charged to international students (non EU), the published annual tuition fee to be charged to the second or subsequent member(s) of the family is discounted by ten per cent.

- “Members of the same family” for the purposes of this scheme means those who are related in the following ways:
  a) Siblings (whether they have both parents in common or just one),
  b) Spouses (provided that they did not marry while both were students of the University)
  c) Parents and sons or daughters (whether the relationship is by blood or marriage).

- If two or more members of the same family (as defined above) register for courses at the same time the percentage discount is divided equally between them.

- The discount applies to the tuition fees for all full-time Leicester-based courses (ie English Language, Foundation Year, Undergraduate and Postgraduate courses) taken at the University by eligible students.

Continuing Studies Discount

If a student has completed a full-time degree course or foundation programme at the University for which the published fee for international students has been paid and subsequently registers for a further full-time degree course of study for which the published international fee would be paid, the fee for the second course is discounted by ten per cent. Study Abroad students who complete a one-semester or full year exchange or fee-paying programme and subsequently register for a full-time degree course will also be eligible for 10% discount on tuition fees.

The discount is not available if the student also qualifies for the family discount referred to above.

Claiming the Discount

It is the responsibility of students to claim the discount on the form below at the time of registration. If a student omits to claim a discount on joining a course any discount not claimed may be allowed, at the discretion of the Academic Registrar, against tuition fees in subsequent years. The University will not entertain applications for discount after the student(s) concerned has/have left the University.
Loyalty Discounts for International Students
Application form

Complete Part A or B as appropriate

Part A – Family Discount

I claim family discount as follows:

Family Name / Surname …………………………………. First / Given Names (s)…………………………
