# APRIL VACATION GUIDE

[www.le.ac.uk/student-events](http://www.le.ac.uk/student-events)

# TOP STUDY TIPS

- 1 Take the pressure off yourself.**  
Whatever the outcome of your exams you can still be successful, achieve your goals and become the person you want to be, even if it is a different path to the one you originally thought you were on.
- 2 Read the question carefully and answer what is set.**
- 3 Check your exam room in advance.**  
They are not always on main campus.
- 4 Look after yourself – have breaks, eat well, keep hydrated and exercise.**  
This will help you to stay focused and healthy.
- 5 Plan fun things during your revision period and after your exams.**  
Make sure you have something to look forward to.
- 6 Remember why you chose to study your degree in the first place.**  
Are you wanting to have a particular career or do you love learning about the topic?
- 7 Celebrate your achievements.**  
Review how much you've achieved each study session - it's probably a lot more than you think.
- 8 Find out how you revise best.**  
Whether that's explaining to your housemate, writing notes or sticking Post-Its around your room.
- 9 Turn your phone off to avoid being distracted.**
- 10 Use the vacation to relax as well as to revise.**

## SHARE YOUR TOP TIPS AND WIN

Everyone can do with a change of scene when they're studying, so we're giving away a voucher for a regular hot drink at The Exchange Bar to those who submit our five favourite pieces of advice.
